

Stuurboi

Delivery platform

WHAT IS STUURBOI

- ▶ The name stuurboi is a township name meaning “delivery boy”
- ▶ *So in essence we deal with delivery*
- ▶ Stuurboi is a platform that connects desperate vehicle owners who are looking for people and needs to generate income
- ▶ With the people looking for the services especially in townships.

Problem Background

-For Clients

- People Tend to struggle with moving stuff , especially when relocating , Although there are transport services to aid their moving process

Problem Background

-For Clients

People Tend to struggle with moving stuff, especially when relocating ,
Although there are transport services to aid their moving process

Problem Background

-For Clients

People Tend to struggle with moving stuff, especially when relocating ,
Although there are transport services to aid their moving process

Problem Background

-For Drivers

Drivers Tend to park by the malls expecting people to approach them and request their service

Our Solution

We built a platform to connect the two parties where one can request for delivery and the next party comes to the rescue, this will create a safer relationship and improve the drivers business market

Our solution

Both client and driver interact with our platform to communicate
